

# RAISING Faithful Kids

Wondering how to REALLY reach the next generation of worshippers? At Vibrant Faith, our team develops faith-formation environments that directly and indirectly influence homes in their vital role as the primary disciplers of children.

What if your church was a partner in a nationwide project, exploring innovative ways to tweak our worship experience to better invite children into an authentic, deepening relationship with God?

What if the long-standing divide in churches between our worship life and our formational ministries for children under the age of 12 was erased?

Consider joining us as a partner in creating a new support system for home-centered, church-supported WORSHIP ministry—explore joining a cohort of congregations dedicated to putting Practical Tools for Raising Faithful Kids into action. This project will exponentially expand a “pilot” experiment in home-centered, church-supported worship and prayer practices that maximizes both parent AND congregational modeling in spiritual disciplines, relational foundations of worship, prayer practices, and dependence habits that lead to an abiding attachment to Jesus.
